## **DecisionOne Named 2006 Sun Meritorious Performance Supplier**

*DecisionOne Recognized for Delivering Superior Quality and Value in 16th Annual Sun Supplier Awards Program*

**Devon, PA (October 18, 2006)** - DecisionOne was named a Meritorious Performance Supplier in Sun Microsystems' 2006 Supplier Awards program. The award honors companies that have delivered superior quality and value to Sun's customers.

"This is the third time that we have been awarded this honor, and we are proud to be recognized by Sun for our achievements" said Neal Bibeau, CEO, DecisionOne. "Receiving the Sun Meritorious Supplier award validates our continued commitment to deliver quality technology support solutions to our clients and their customers."

Suppliers are judged on their performance in the areas of cost, quality, lead-time and delivery, and strategic and technical development. Based on these criteria, Sun awards suppliers for Best-in-Class and Meritorious Performance, and also names one Supplier of the Year. The Meritorious Performance award recognizes suppliers who have gone the extra mile in one or more performance areas.

"Each year Sun Microsystems recognizes the 'best of the best' suppliers for their contributions to outstanding product quality and customer value," said Eugene McCabe, executive vice president of Worldwide Operations at Sun. "DecisionOne helped Sun exceed our customers' expectations, and we congratulate them on their achievement."

### **About DecisionOne**

Headquartered in the Philadelphia suburb of Devon, Pennsylvania, DecisionOne delivers technology support services to commercial enterprises and government agencies through relationships with Original Equipment Manufacturers (OEMs), outsourcers, and resellers throughout the U.S. and Canada. The company's footprint of service locations and centralized support capabilities throughout the U.S. and Canada enable DecisionOne to provide local, reliable, cost-effective IT deployment and maintenance solutions - from initial planning and assessment, to installation and maintenance, to secure asset disposal. DecisionOne takes care of your technology so you can take care of business. More information about DecisionOne can be found on the web at <http://www.decisionone.com/>
